## The Journey of One Thousand Miles.....

Thanks for being a part of TASK Karate! I believe that this first step, the opening of Our School, is the beginning of something great! Just like a journey of one thousand miles, however, it is going to take some time, and a lot of work. Thanks for your patience as I put it all together.

## Special Thanks...

Without the support of all of you, and the confidence that you have in me, we would never be at this point! I want to give a special thanks to Pam Kaiser for her encouragement (she wanted to be the first one to sign up!) and her help with the never-ending bookwork. Thanks also to Janelle Parcher for the wonderful painting the she arranged to get done, and for spreading the word about TASK Karate. And a special thanks to the Hammamoto's- the family that has probably been with me the longest- for all the support they have given me. (They wanted to be the first to sign up, too!) And especially, thanks to all my students- you are ALL very special and important to me!

## Schedule...

The schedule seems to be working out pretty well. I will keep an eye out for any problems. Please let me know of any concerns. Please note the following changes: Thursday schedule: 4 to 4:45, All Advanced Kids; followed by Sparring until 5:30. I will hold an extra help class for Brown Belts from 5:30 until 6pm. That should make it a little less confusing for everyone on Thursdays. On Saturdays, I would like to change the Li'l Dragons class to 1:15, moving the Bo Class to the last time slot, at 2:00pm. That way, we can meet at the park occasionally for the Bo Staff Class!
